

LADD OPPOSED AS NAME**Sunnyside Push Club Against Park Appellation; Change Opposed.**

Secretary Walker, of the Sunnyside Push Club, has filed protests with the Board of Education and the Park Board against changing the name of Sunnyside School and against naming the new park the Ladd Park. He also protested to

Councilman Kubli against the Laurelhurst plat.

The protest against naming Sunnyside School after a pioneer is in anticipation of action the Board of Education may take, nothing yet having been done toward any change.

A resolution was adopted by the club against naming the pleasure ground Ladd Park. It is set forth that the city bought and paid a round price for the park and is under no obligation to perpetuate the name of Ladd, or that of any one who did not make a donation. Secretary

Walker explained yesterday that the club desires to retain Sunnyside as the name of the school and park. J. N. Davis, E. D. Curtis and Dr. J. A. Pettit were appointed a special committee to go before the Park Board and uphold the protest.

Citizens of Sunnyside want East Thirty-fourth street opened direct into the park from East Stark street, which cannot be done if the present plat of Laurelhurst is accepted by the City Engineer. In the plat East Thirty-fourth street is closed. According to the plat the blocks fronting

on East Stark street double those on the south side in length.
